

BUG HOTEL

With all this nice weather it's a perfect time to be in the garden.

Try building a bug hotel in your garden and send us a photo of your creation

WHAT WILL YOU NEED FOR THIS ACTIVITY?

- ✿ Plastic Bottle
- ✿ Sharp Cutting tool (Adult Supervision)
- ✿ Thin / Thick twigs

SIMPLE BUG HOTEL – MATERIALS

1) Cut your bottle down to shape,
please ask an adult when using sharp equipment.

2) Check what materials you have and arrange by size and texture – I snapped my twigs to make them a little smaller. Had larger and bigger ones. Arranged pinecones.

3) If you plan to hang your bug hotel, loop some garden twine round and then start layering your bug hotel. I did one hotel for on the ground and one for hanging from a tree to see if would attract different creatures.

4) Stuff it to make it nice and firm, so it doesn't get blown about!

When completed send a phot of your bug hotel to ACCBeavers@northantsscouts.org.uk
